

Able Seaman

At UAS Ketchikan Technical Center

November 26-30, 2012

8:00 am—5:00 pm, Room H-101

Instructors: Ben Hastings & RK Rice

Students will receive both classroom and hands-on training in all required topics, including Marlinespike Seamanship, Safety, Ship Construction and Rules of the Road. The Able Seaman test is given in class and this certification is accepted by the USCG. When combined with the Proficiency in Survival Craft class and adequate sea time, mariners will qualify for an Able Seaman Endorsement on their MMD
